

Request for Quotation Letter
Procurement of essential supplies for the Community Early Warning System in Belize
No. 04-26

Date: March 24, 2026

SOURCE OF RESOURCES

The Central American Bank for Economic Integration (CABEI), as part of the services it provides to its beneficiary member countries, is granting financing *total* for the selection and contracting of an eligible bidder for: *Acquisition of essential equipment and supplies for the Community Early Warning System in Belize, within the framework of the Subsidiary Agreement, signed on 10.10.2023 between the Central American Integration Bank (CABEI) and the Tropical Agricultural Research and Higher Education Center (CATIE) for the execution of the Project "Use of nature-based solutions to increase resilience to extreme weather events in the Atlantic Region of Central America".*

1. EXECUTING AND CONTRACTING AGENCY OF THE PROCESS

2.1 Contractor's background CATIE (Tropical Agricultural Research and Higher Education Center) is an academic center for innovation and sustainable development in issues related to agriculture, management, conservation and sustainable use of natural resources. Our area of influence, by mandate, is the Latin American and Caribbean region. However, our operations and contributions to the region and the world have a history of just over 75 years, initially as the Inter-American Institute for Cooperation on Agriculture (IICA) and since 1973, as CATIE.

In our actions, we combine education, research and projection to promote Inclusive Green Development, to increase human well-being and reduce rural poverty.

We are leaders in the integrated management of agriculture and natural resources to address global challenges.

2.2 CATIE is responsible for this procurement process for which it invites eligible bidders to submit quotations for the required contracting.

2.3 The supplier will be selected in accordance with the Central American Bank for Economic Integration procedures established in the Policy for the Procurement of Goods, Works, Services and Consultancies with CABEI Resources and its Norms for Application, which can be found at the following website: <https://www.bcie.org>

2. PRESENTATION OF THE PROCESS

3.1 General objectives of the procurement to be acquired: CATIE requires hiring specialized companies, hereinafter referred to herein as The Supplier, to carry out the supply of equipment and supplies for CEWS requested by the Belize Country Coordinator and the

Disaster Risk Management Specialist. It is required to acquire a series of inputs or products for the effective execution of the tasks of the Emergency Village Council (EVC) and the operation in the event of emergencies, complying with the characteristics and minimum requirements detailed in this document and that have been validated by the national technical authorities with NEMO. Such equipment shall be delivered under the same terms, prices and conditions as detailed herein.

Technical support may be provided locally in the country or remotely, as well as the management of parts by warranty.

- 3.2 The contractor makes available to interested parties all documentation related to this price comparison process necessary for the preparation of quotations.

This information will be available free of charge:

- a. For download on the website: www.catie.ac.cr
 - b. Send to email at: joselyn.rojas@catie.ac.cr or helen.choco@catie.ac.cr the list of CATIE suppliers in Belize who specialize in the equipment being requested
- 3.3 Quotations must be sent to the address given below no later than April 13, 2026 at 11:59 pm.

Only electronic submission of quotations will be permitted.

¹ Which are: [i\) United Nations \(UN\) Security Council Consolidated List of Sanctions](#), [ii\) Consolidated List of Individuals, Groups and Entities subject to European Union \(EU\) Financial Sanctions](#), [iii\) Consolidated List of Individuals, Groups and Entities subject to World Bank \(WB\) Sanctions](#), [iv\) Office of Foreign Assets Control \(OFAC\) Consolidated List](#), [v\) https://sanctionssearch.ofsi.hmtreasury.gov.uk/ "HM Treasury Consolidated List of Targets"](https://sanctionssearch.ofsi.hmtreasury.gov.uk/), [vi\) https://sanctionssearch.ofsi.hmtreasury.gov.uk/Lista of Prohibited Counterparties of CABEL](https://sanctionssearch.ofsi.hmtreasury.gov.uk/).

Section I. Instructions to Contributors (ITC)

- b. Have been disqualified or declared by an entity as ineligible or sanctioned for obtaining resources or awarding contracts financed by organizations recognized by CABEL for such purpose.

Convicted by final judgment of crimes or sanctions related to Prohibited Practices by the competent authority, while the sanction is in force.

- 3.2 Bidders/ quoting parties as well as goods supplied under the contract shall not be eligible when, pursuant to a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Borrower's country prohibits any importation of goods or procurement of works or services from that country, or any payment to any country, person, or entity in that country.

- 3.3 The following persons may not participate directly or indirectly in the supply of goods, execution of works, services or consultancies for operations financed by CABEL:

- a. In public sector financing, individuals with family or business ties to representatives of the Borrower/Recipient, its executing agency, or a recipient of a portion of the Bank's financing, or to any other person representing or acting on behalf of the Borrower/Recipient, up to and including, the second degree of consanguinity or second degree of affinity and who participates directly or indirectly in:

- i. Preparation of technical specifications or equivalent activity;
- ii. The contract bidding/price comparison process; or
- iii. Supervision of the contract,

This prohibition shall not apply when:

- i. The persons named therein must certify that they have been habitually engaged in the business activity that is the object of the respective contract for at least two (2) years prior to the publication of the bid.
- ii. The costs involved are in line with the market and that;
- iii. The conflict arising from this relationship has been disclosed and resolved in a manner acceptable to the Bank throughout the selection process and the execution of the contract.

- b. In the procurement of goods, works or services: Any bidder/quoter (including its shareholders, executive directors, and key personnel) engaged by the Borrower/Recipient to provide consulting services in connection with the preparation or execution of a project, as well as its parent company and all its subsidiaries, shall be disqualified from supplying goods or constructing works or services that are directly related to the consulting services for the preparation or execution.

- c. All those who submit more than one quotation in a price comparison, bidding, or tendering process, except in the case of alternative offers allowed in the standard documents of the respective process. This does not limit the participation of subcontractors in more than one bid.

Section I. Instructions to Contributors (ITC)	
	d. Any additional conflict of interest situations listed below: "no additional situation".
4. Prohibited Practices	4.1 CABEL requires that Borrowers/Recipients and all natural or legal persons participating or providing services in projects or operations financed by CABEL, whether as bidders, borrowers, executing agencies, coordinators, project supervisors, contractors, subcontractors, consultants, suppliers, grant recipients (and all their officers, employees, representatives, and agents), as well as any other type of similar relationship, as established in Section II of this document.
B. Preparation and submission of quotations	
5. Language	5.1 All quotations, information, documents and correspondence between the Employer and the quoting parties in connection with this procurement process shall be in the official language English .
6. Prices quoted	6.1 Prices shall be quoted in: U.S. dollars , which shall include all taxes, levies, and expenses incurred.
7. Validity of offers	7.1 Quotations shall remain valid for acceptance by the Employer for 90 calendar days from the deadline for submission of quotations.
8. Clarifications	8.1 Clarifications on this process shall be requested to the Employer in writing to the address: e-mail joselyn.rojas@catie.ac.cr , no later than 5 days prior to the deadline for submission of quotations, and the Employer shall reply no later than 5 days prior to the deadline for submission of quotations.
9. Documents that make up the Quotation	9.1 The following documents must be included in the quotation: <ul style="list-style-type: none"> • The due letter of legal status required for the registration of the supplier and attach the Taxpayer Identification Number (TIN) Certificate copy. • Form No.1. Quotation Submission Form. • Form No.2. Affidavit. • Form No.3. Technical Specifications Offered. • Form No.4. Price List. • Form No.5. List of Goods/Services and Schedule of Deliverables.
10. Submission of quotations	10.1 Quotations may be delivered to the Employer at any moment and no later than April 13, 2026 at 11:59 pm at the address: by e-mail, sent to the following address joselyn.rojas@catie.ac.cr and helen.choco@catie.ac.cr in PDF formats The Employer shall not be responsible in the event that the e-mail or any of the attached files are not received, cannot be opened, are damaged or their contents are unreadable by the software intended for reading them (Acrobat Reader, Microsoft Office Word, or Excel), even if this is due to the application of anti-virus software, updates or other security mechanisms applied by the Employer.

Section I. Instructions to Contributors (ITC)	
11. Partial quotations	11.1 Bidders may quote for one, several or all lots. However, the prices quoted must correspond to 100% of the items indicated in each lot and 100% of the quantities indicated for each item in a lot. Each lot will be evaluated individually.
C. Award and formalization of the contract	
12. Award and formalization of the contract	12.1 The award will be made to the supplier that submits the lowest quotation and meets all the technical criteria and requirements requested in this document, and that is not on CABEL's List of Prohibited Contractors and recognized by CABEL.

Section II. Prohibited Practices

CABEI requires that Borrowers/Recipients and all natural or legal persons participating or providing services in projects or operations financed by CABEI, whether as bidders, borrowers, executing agencies, coordinators, project supervisors, contractors, subcontractors, consultants, suppliers, grant recipients (and all their officers, employees, representatives, and agents), as well as any other type of similar relationship, to comply with the following:

- a. Observe the highest ethical standards at all stages of the procurement process or the execution of a contract
- b. Refrain from performing any act or action that is or may be classified as a Prohibited Practice
- c. Report to CABEI using the Reporting Channel or other reporting mechanism available to CABEI, any act suspected of constituting a Prohibited Practice of which it becomes aware or is informed.

In accordance with best practices and in order to establish a reference framework for their operation, the following are understood as Prohibited Practices:

- i. Corruptive Practice: Consists of offering, giving, receiving, or soliciting, directly or indirectly, something of value to unduly influence the actions of another party
- ii. Coercive Practice: Consists of harming or causing harm, or threatening to harm or cause harm, directly or indirectly, to any party or its property in order to improperly influence the actions of a party
- iii. Fraudulent Practice: Any act or omission, including the misrepresentation of facts and circumstances that willfully or negligently deceives or attempts to deceive any party to obtain a financial or other benefit, whether its own or for a third party's, or to avoid an obligation in favor of another party.
- iv. Collusive Practice: An agreement made between two or more parties with the intention of achieving an improper purpose or unduly influencing the actions of another party
- v. Obstructive Practice: Consists of: (a) deliberately destroying, falsifying, altering or concealing evidence material to an investigation, or making false statements in investigations, in order to impede an investigation into allegations of corrupt, fraudulent, coercive or collusive practices and/or threaten, harass or intimidate any party to prevent them from disclosing their knowledge of matters relevant to the investigation or to prevent the investigation from proceeding, or (b) intentionally take action to physically impede the exercise of CABEI's contractual audit and access to information rights.

In the event of complaints received through the reporting channel or other means acceptable to CABEI, related to Prohibited Practices occurring during the procurement processes of Goods, Works, Services and Consultancies, as well as during the execution of a contract resulting from said processes within the framework of an operation financed with CABEI resources, CABEI shall proceed in accordance with its internal policies related to the subject.

Prior to determining the existence of a Prohibited Practice, CABEI reserves the right to carry out audit and investigation procedures.

The right to execute the audit and investigation procedures established in the previous paragraph refers to the unrestricted access of CABEI or its duly authorized representatives to visit or inspect the offices or physical facilities used in connection with the procurement processes or projects financed with CABEI's own funds or administered by CABEI. Likewise, interviews and access to physical and digital files related to such procurement processes, projects, or operations, and to

provide all necessary collaboration and assistance for the proper execution of the activities foreseen at the Bank's discretion.

When the existence of a Prohibited Practice is determined, CABEL will issue one or more of the actions and/or recommendations listed below, without limitation:

- a. Referral of the corresponding case to the competent local authorities
- b. Issue of a written warning.
- c. Adoption of measures to mitigate identified risks.
- d. Disbursements suspensions.
- e. Resource deobligation.
- f. Request advance payment of resources.
- g. Cancel the business or contractual relationship.
- h. Suspension of procurement processes or execution of contracts, regardless of their status.
- i. Request for additional guarantees.
- j. Execution of bonds or guarantees.
- k. Request reimbursement of expenses or costs related to the activities and investigations carried out in connection with the commission of Prohibited Practices.

The actions and/or recommendations issued by CABEL shall be of mandatory observance and compliance.

CABEL reserves the right, in any case and without prejudice to the sanctions imposed by the authorities of the Borrower/Beneficiary's country, to request the suspension of the contracting procedures or of the execution of the contract(s) resulting therefrom, regardless of their status. If CABEL requests the suspension of the contracting procedures or of the execution of the contract(s) and this does not occur, CABEL reserves the right not to finance the contract(s) resulting from those procedures.

As a result of the investigation process, CABEL may include individuals or legal entities on the List of Prohibited Counterparties or any other CABEL ineligibility list that it may have established for such purpose.

Process Number (Insert process number)

Sirs: (Name of Employer)

Dear Sirs:

We, the undersigned, hereby confirm our decision to participate in the "(title of the process in which we are participating)" process.

We also declare that:

- a. We have reviewed the price comparison document, including the amendments issued in accordance with the Instructions to Bidders, and have no reservations in this regard.
- b. We submit our quotation enclosed, with a bid validity period of ____ days from the date of expiration of the established deadline for receipt of quotations.
- c. Our financial offer is for a total closed amount of (*Write currency, amount in numbers and letters*).
- d. We confirm our commitment to comply with the proposal if our quotation (*full name of the bidder*) is accepted.
- e. We accept that any false information or omission that this quotation and/or its annexes may contain may be a justifiable element for its disqualification and we declare that:
 - a. We have not been suspended or declared ineligible by the Employer in connection with the execution of a Bid Maintenance Statement in the Employer's country.
 - b. If there are any commissions or gratuities, paid or to be paid by us to agents in connection with this Quotation and the execution, if awarded to us, they are set forth below:

Recipient's name and address	Amount and Currency	Purpose of the Commission or Gratuity
_____	_____	_____
_____	_____	_____

(If there are no commissions or bonuses indicate "none")

- f. We understand that this quotation with its attachments shall not constitute a binding contract between us until the formal contract/purchase order, if any, has been drawn up and executed.
- g. We understand that you are not obligated to accept the lowest evaluated quotation, the Most Convenient Quotation, or any other quotation you may receive.

In case of being selected, we commit ourselves to comply with all the requested scopes, according to the technical requirements, conditions, and instructions of the present contracting process.

The signature of the undersigned on this document is duly authorized to sign for and on behalf of (*full name of contributor*) and warrants the truth and accuracy of all statements and documents herein.

Dated at _____ on the day _____ of the month of _____ of the year _____.

Name of Contributor: _____

Position of the Signatory _____

Name and signature of legal representative _____

Section IV. List of Requirements for Goods and Services

Goods and related services shall comply with the following technical specifications and standards

Article	Requirements		
	Quantity	Name of goods and related services	Minimum required technical specifications and standards
Lot A: Hardware supplies			
1	4	Chainsaw (20 inch)	<ul style="list-style-type: none"> • Engine type: 2-stroke gasoline engine • Engine displacement: Minimum 45 cc • Power output: Minimum 1.8 HP • Guide bar length: 18 inches • Chain pitch: 3/8" • Chain brake safety system (anti-kickback) • Automatic chain lubrication system • Manual recoil start system • Fuel tank capacity: Minimum 500 ml • Oil tank capacity: Minimum 250 ml • Weight (without fuel): Maximum 6.5 kg • Anti-vibration handle system
2	12	Shovel (43-or 56-inch, round blade)	<ul style="list-style-type: none"> • Type: Round-point shovel • Blade material: Carbon steel (for durability) • Handle: Long wooden handle with lacquered finish • Total length: ~45 in (approx. 114 cm) • Reinforced collar assembly for robust performance
3	48	Goggles	<ul style="list-style-type: none"> • Lens material: 100% polycarbonate • Frame: PVC body with polyester elastomer strap • Ventilation: Direct vent • Lens thickness: ~1.5 mm • Weight: ~62 g • Standard compliance: Meets ANSI Z87.1 (impact/splash protection)
4	48	Headlamp (waterproof, LED, rechargeable)	<ul style="list-style-type: none"> • LED output: 125 lumens • Beam range: 140 m • Modes: high / low / flash • Power supply: rechargeable • Body: durable plastic/polycarbonate head housing • Designed for outdoor use
5	480ft	Rope (11mm, nylon)	<ul style="list-style-type: none"> • Diameter: 1/2 inch (12.7 mm) • Construction: Solid braided rope • Material: Synthetic fiber (polypropylene or polyester) • Minimum tensile strength: 1,700 lbs (770 kg) • UV resistant • Abrasion resistant
6	24	Gloves	<ul style="list-style-type: none"> • Size: Large (L) • Material: Nylon shell • Palm coating: Polyurethane • Knit wrist cuff • Breathable back • Abrasion resistant palm
7	24	Gloves	<ul style="list-style-type: none"> • Size: Large (M) • Material: Nylon shell • Palm coating: Polyurethane • Knit wrist cuff • Breathable back • Abrasion resistant palm
8	8	Tarpaulin (heavy duty)	<ul style="list-style-type: none"> • Size: 10 feet x 10 feet (3 m x 3 m)

Article	Requirements		
	Quantity	Name of goods and related services	Minimum required technical specifications and standards
			<ul style="list-style-type: none"> • Material: Heavy-duty polyethylene (PE) • Thickness: Minimum 4 mil (or 120 microns) • Waterproof • UV resistant • Reinforced edges • Aluminum or steel grommets spaced maximum 1 meter apart • Tear resistant
9	48	Hard Hats	<ul style="list-style-type: none"> • Type: Industrial safety helmet (hard hat) • Shell material: High-density polyethylene (HDPE) • Color: White • Suspension system: 4-point suspension (minimum) • Adjustment type: Ratchet or pin-lock adjustable headband • Head size adjustment range: Approximately 52–64 cm • Impact resistance: Designed for protection against falling objects • Electrical insulation: Suitable for low-voltage electrical protection (Class E or equivalent, if certified) • Sweatband included • Lightweight design (approximately 350–400 g) • Slots for earmuffs or face shield attachment • UV resistant shell
10	48	Safety vest	<ul style="list-style-type: none"> • Size: Large (L) • Color: High-visibility yellow • Material: 100% polyester mesh or solid polyester • Reflective tape width: Minimum 2 inches (50 mm) • Reflective strips on front and back • Multiple front utility pockets (minimum 3) • Front zipper or snap closure • Compliance: ANSI/ISEA 107 high-visibility standard or equivalent
11	20	5 five-gallon water container	<ul style="list-style-type: none"> • Nominal capacity: 220 liters (55 gallons) • Type: Open-top (wide mouth) drum • Material: High-Density Polyethylene (HDPE) • Color: Blue (or specify as required) • Wall thickness: Heavy-duty industrial grade construction • Closure system: Removable lid with metal locking ring or clamp band • Seal: Leak-proof gasket (rubber or EPDM) • UV resistant material (for outdoor storage) • Stackable design • Chemical resistant (acids, detergents, mild chemicals) • Suitable for storage and transport of liquids or solids • Empty weight: Approximately 8–12 kg • Diameter: Approximately 58–60 cm • Height: Approximately 88–95 cm
Lot B: Medical kit supply			
12	80	Island Dressing Sterile 6 x 6	<ul style="list-style-type: none"> • Sterile • Size: 6 inches x 6 inches • Non-adherent central absorbent pad • Soft adhesive border

Article	Requirements
